Day by Day

Editor
William Stephens

Advisor
Bob Hodges

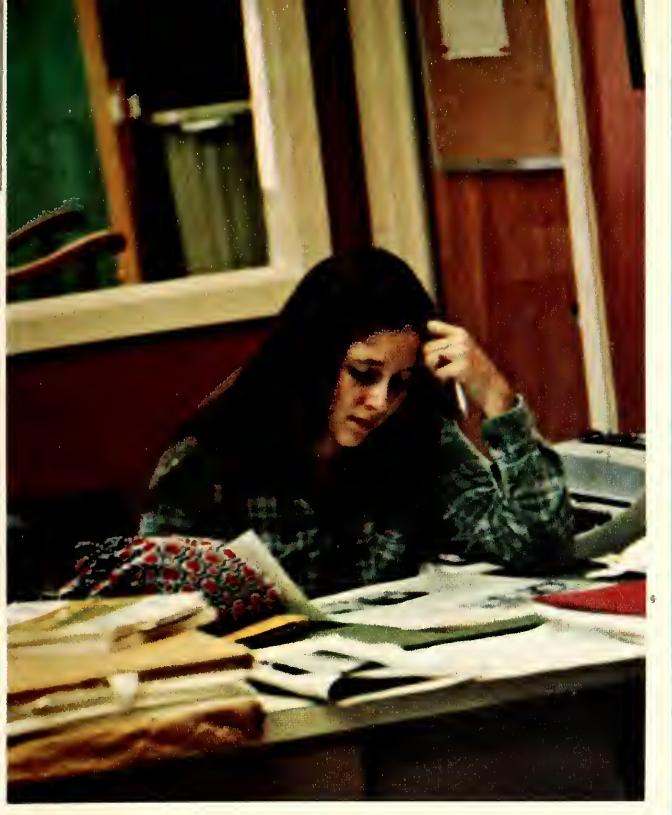

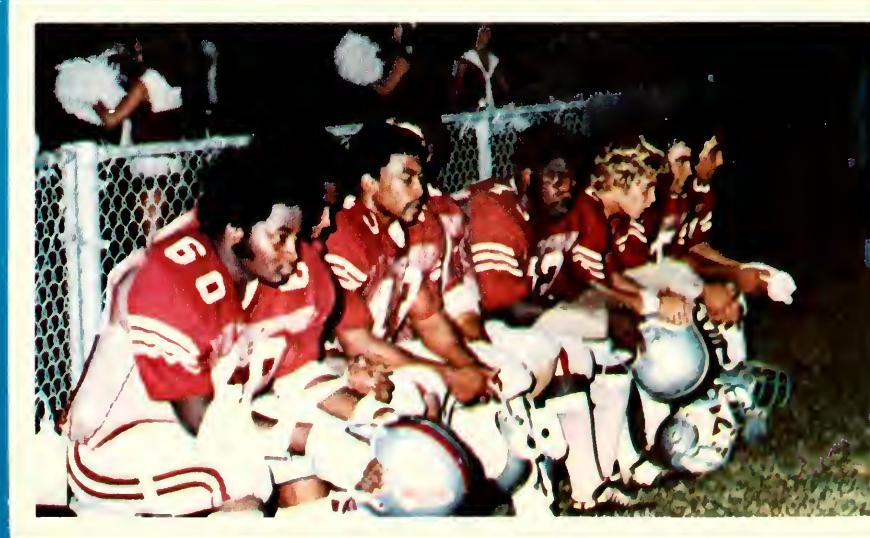

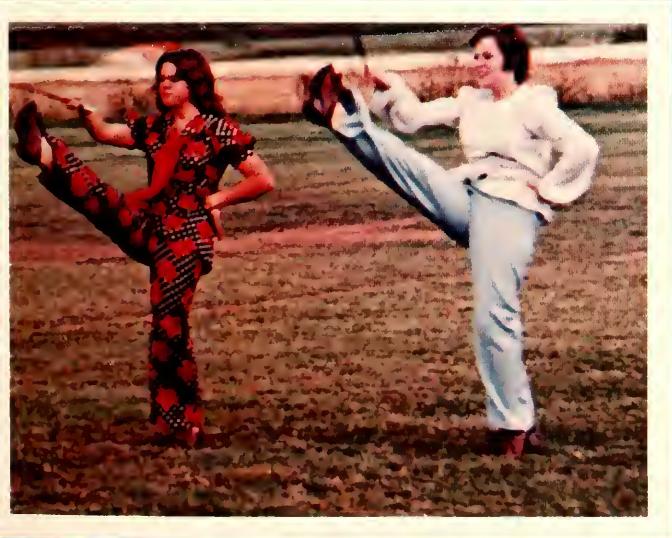

Just for today, I will
try to live through
this day only, and
not tackle my whole
life problem at once.

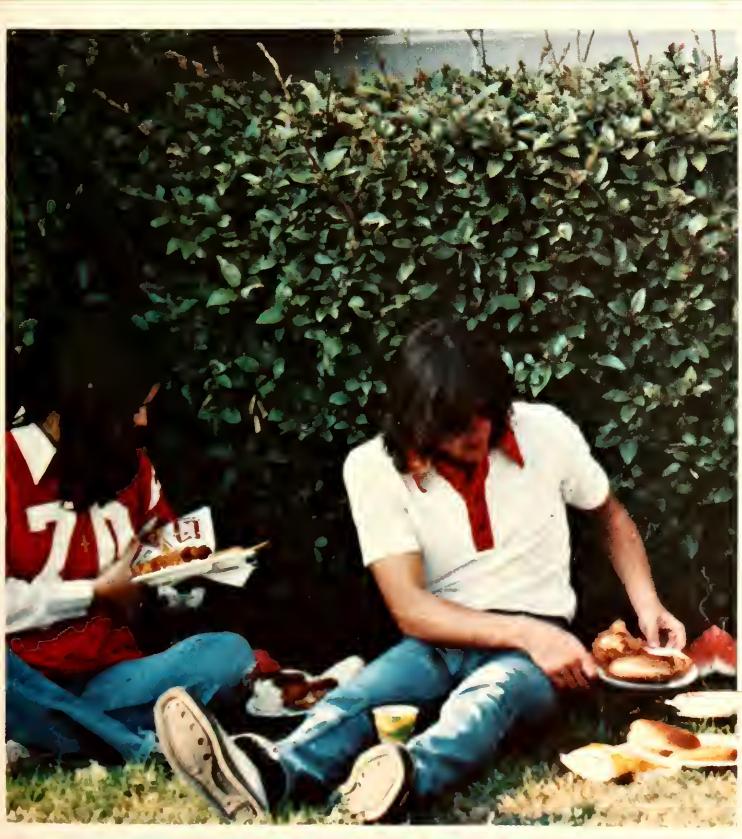

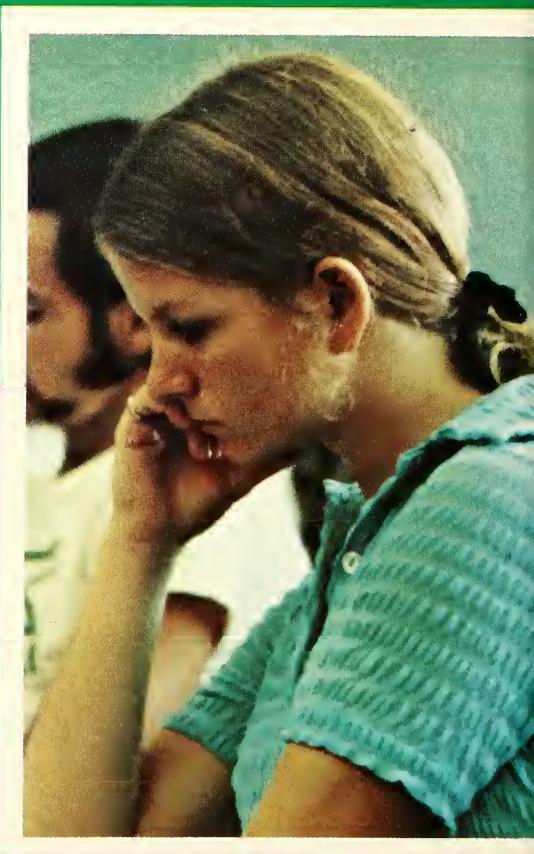

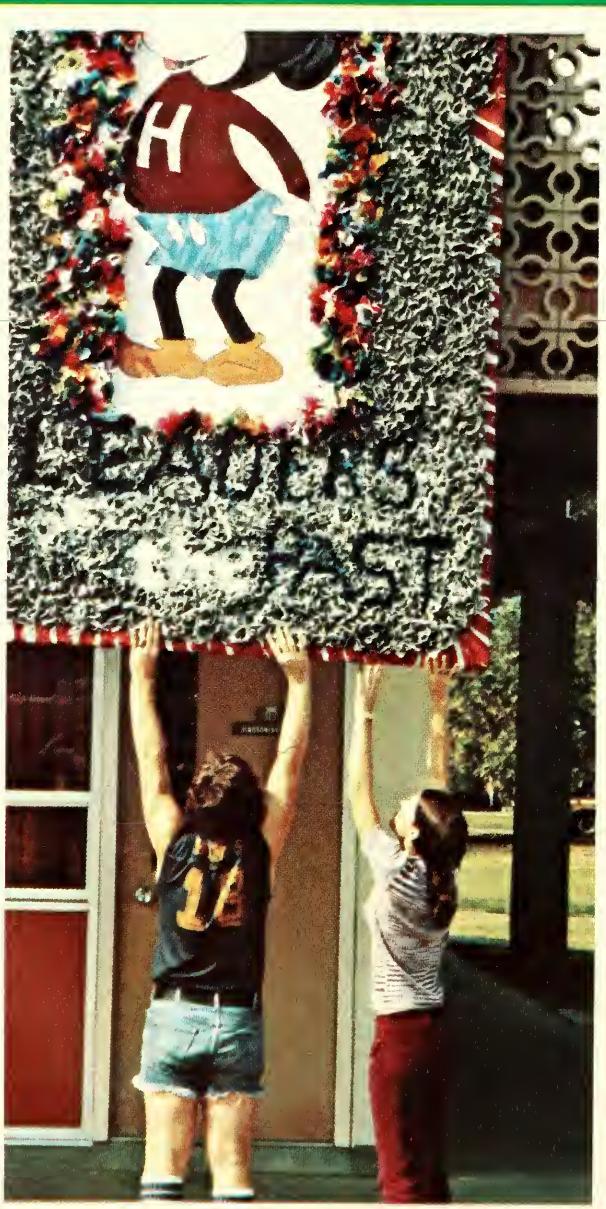

Just for today, I will strengthen my mind. I will study, I will learn something useful. I will not be a mental loafer. I will do something that requires effort, thought, and concentration.

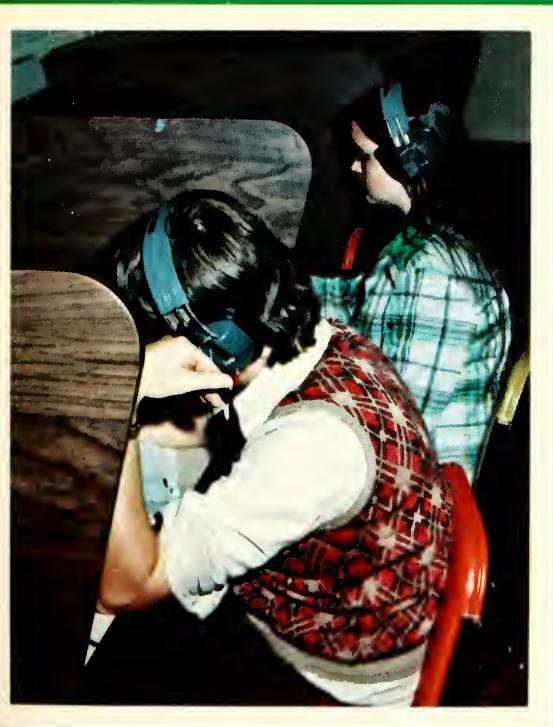

Just for today, I will adjust myself to what is, and not try to adjust everything to my own desires. I will take my "luck" as it comes and fit myself to it.

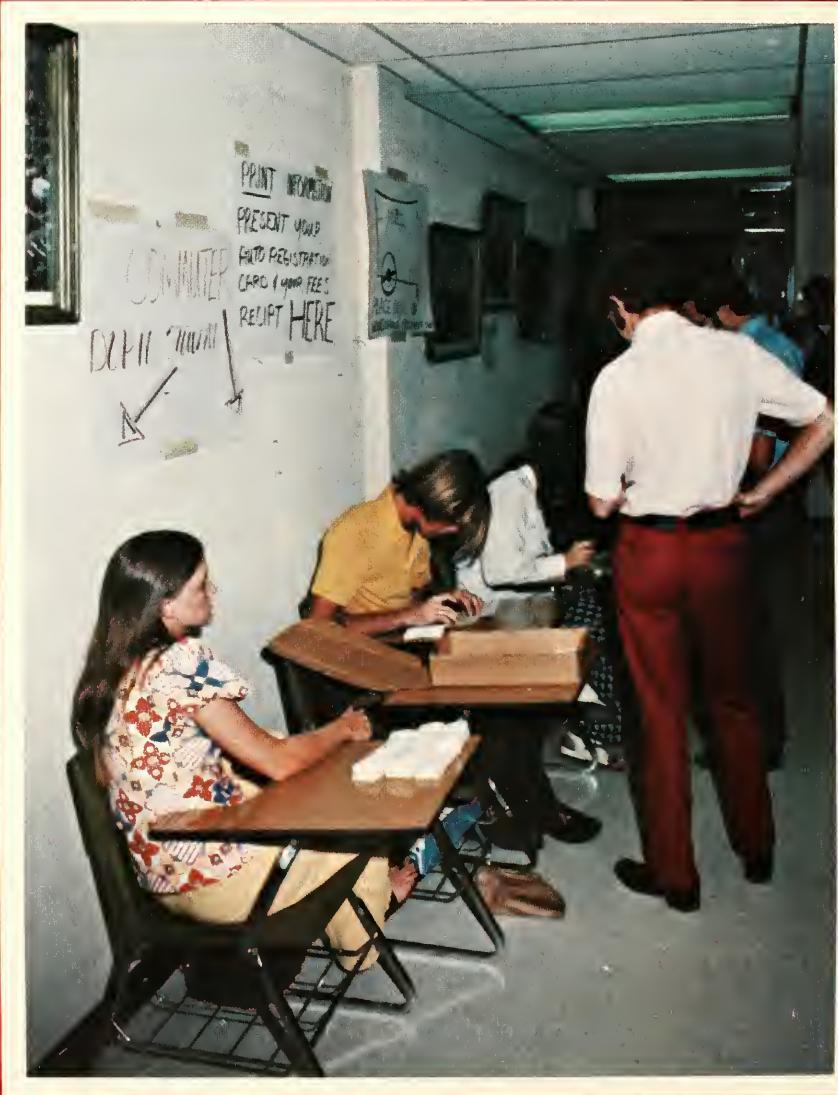

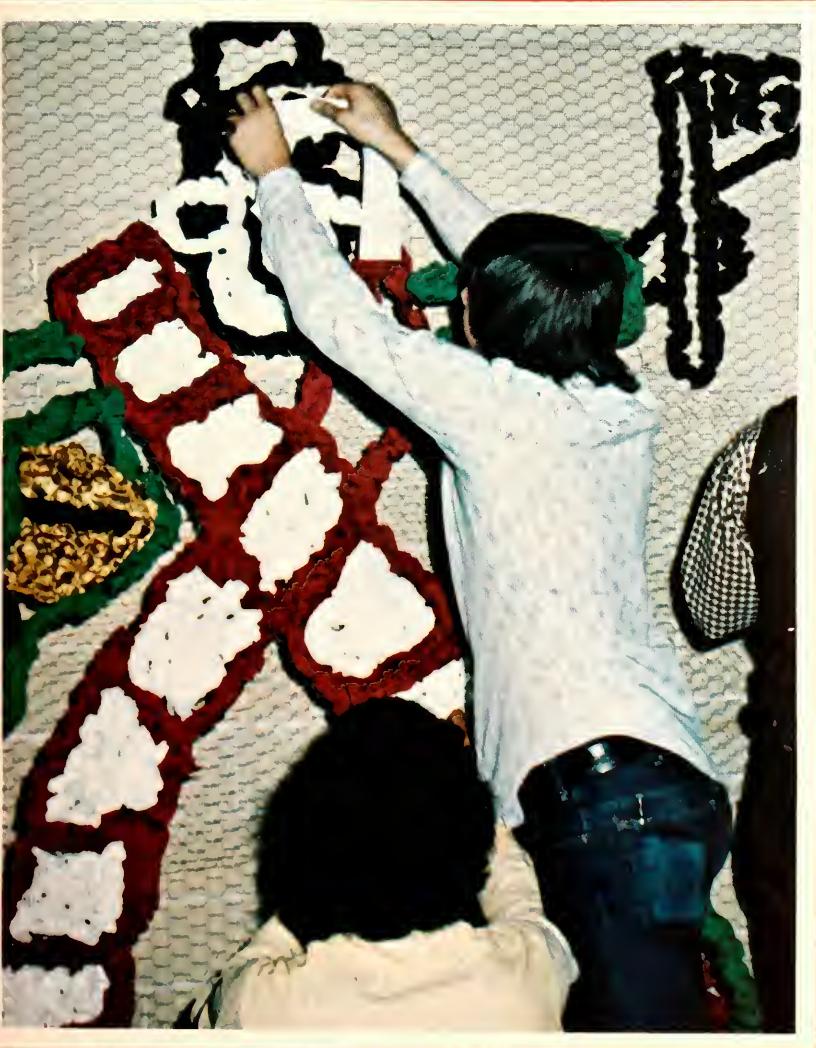

**Just for today I will dress
becomingly, act courteously,
criticize not one bit, not find
fault with anything and not try
to improve or regulate anybody
but myself.**

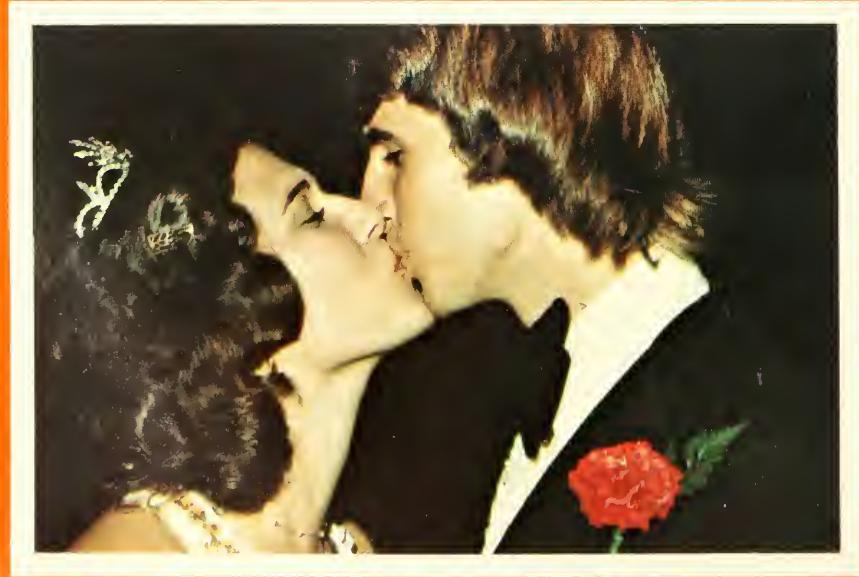

Just for today I will have a program. I may not follow it exactly, but I will have it. I will save myself from two pests: hurry and indecision.

Just for today, I will have a quiet half hour all by myself and relax. During this half hour sometime, I will try to get a better perspective of my life.

**Just for today, I will be
unafraid. Especially I
will not be afraid to
enjoy what is beautiful,
and to believe that as I
give to the world, so
the world will give to
me.**

**Just for today,
but what about tomorrow?**

Editor's Message

Our goal as an annual staff was to capture the school year in one book. This task has been a tremendous one, and we have found it impossible to recapture the content of everything that has happened. I hope that my staff and I have published a book from which many memories may be recalled. These memories are so embedded in our lives that regardless of the future, we shall always retain them. I hope the memories we have captured will have special meanings for you.

My message to you as one of encouragement is to reread the introduction. In it I tried to emphasize that, no matter what, we must live each day as it comes to us — we must live day by day. Once we accomplish the things expected of us in a day, we can consider the things of tomorrow.

It has been one of my greatest privileges to be the editor of this annual. To the students of Hinds Junior College, my staff, and my advisor, I thank you, and hope that you will discover your place in life, find peace in the world and true joy in living.
